

CONCORDIA UNIVERSITY 1086-1087

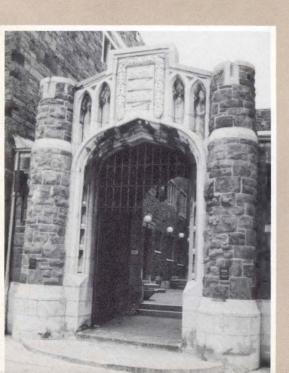

ARMORIAL BEARINGS
OF
CONCORDIA UNIVERSITY

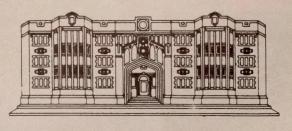

Concordia became a new Canadian University in 1974, when two well-known Montreal institutions were amalgamated under a new and significant choice of name. "Concordia" is drawn from the motto of the city of Montreal, "Concordia Salus", which translates loosely as "well-being through unity". These two institutions were Loyola College, a Jesuit-taught institution and Sir George Williams University, originally a YMCA-sponsored school of higher learning. Loyola had been incorporated in 1899 and Sir George Williams came into existence in 1948.

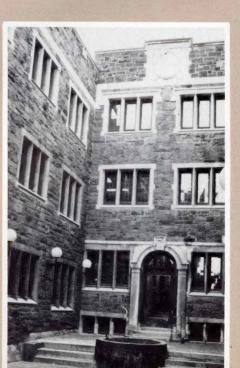

The merging of two existing institutions each with its own armorial bearings meant that the new Concordia arms would have to be a joining or "quartering" of two existing coats of arms, as happens in the marriage of two noble families. This task was assigned to Professor David McKeen who experimented in a number of ways to determine appropriate bearings combining the heraldic devices of two such differing organizations as those whose roots lay in the Jesuits and the YMCA. The YMCA triangle was prominent in the Sir George Williams' "arms", as was a book, symbolizing learning. In the case of Loyola, that institution used the ancient arms of the Loyola family, a member of which was the founder of the Jesuit order. The Loyolas were members of the ancient Spanish aristocracy.

As is seen from the illustration, the solution not only embodies the spirit of "Concordia", but is beautiful heraldry as well. The main charge (bearing on a shield) is "a sun in splendour, Or", long looked upon as the mark of Jesuit institutions within the British Empire. Then, on "an invected triangle Murrey", symbolizing the Holy Trinity and also known world-wide as the emblem of the YMCA, is placed an open book, universally recognized as a sign of learning.

Loyola's college colours were white and maroon, those of Sir George, garnet and gold. Actually, an heraldic tincture Murrey is so close to both maroon and garnet that it was possible to substitute it for the two. The main problem was that of retaining and properly placing two metals, white (actually Argent) and gold (Or). Special approval was sought from the College of Arms to show both metals as livery colours' and so the Achievement contains a possibly unique feature, a mantling of two metals.

C.C.S.L. AWARDS '87

Fourteen students and three staff were honoured at the annual Concordia Council on Student Life Awards Ceremony held on Friday, April 3. All were cited for having made an exceptional contribution to student life or Student Services at Concordia: during the 1986-1987 school year. Lillyclaire Bellamy and Mireille Tondreau were the graduate students chosen to receive OUTSTANDING CONTRIBUTION AWARDS; G. Scott White, Karen Takacs, Scott Robertson, Brent Jones, Milva D'Aronco and Susan Hunt were the undergraduates selected for these awards. Tu Thanh Hà, Felicia Ianiro, Ralph Mills were honoured for outstanding contribution to student life through the MEDIA. Professor Jo Vellacott, Suzanne Belson, Jo Howard, Ruth Vale, Sylvain Boudrias and Gilles Desharnais were recipients of MERIT AWARDS.

WRESTLING

CONCORDIA GRABS FOURTH CIAU WRESTLING CROWN

While showmanship wrestling continues to take North America by storm, with the likes of Hulk Hogan and Andre the Giant, the "real thing" came to the Loyola Campus of Concordia University February 27 and 28.

Concordia hosted the 1987 Canadian Interuniversity Athletic Union (CIAU) National Wrestling Championships and the capacity crowd which jammed the gymnasium on the final day of competition did not go home disappointed. The local team captured an unprecedented fourth consecutive CIAU title, with 33 points followed by York University of Toronto and Hamilton's McMaster University with 25 and 18 points respectively.

Individually, eight of the 10 Concordia wrestlers collected medals; five gold, one silver and two bronze.

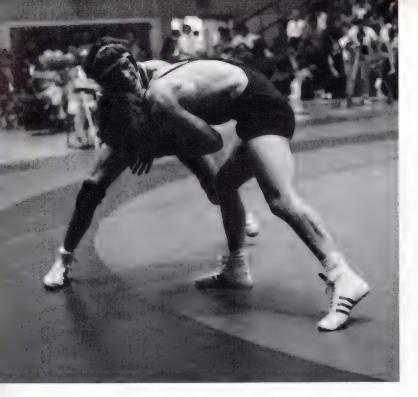

Twin brothers Mike and Pat Sullivan collected golds in the 61 and 68 kg categories respectively. Other first place finishers were: Graham Dadswell in the 72 kg class, Serge Marcil, 95 kg and Canadian Olympic team member Clark Davis, 95 plus kg.

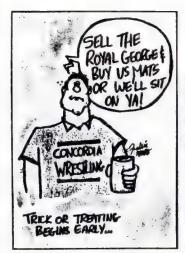

Sean O'Heany won a silver in the 86 kg class while bronze medal recipients were Neil Spelrum (57kg) and Chris Villeneuve (65 kg).

Dr. Ed Enos, Director of Fitness, Recreation and Athletics at Concordia, was elated with the results of the two day event.

"It is most gratifying as we conclude a five year rebuilding plan by becoming the first university in the history of the CIAU to win four consecutive national titles," stated Dr. Enos. "Five years ago we had no mat, no budget of any consequence but a coach and wrestlers with a vision and willingness to work. They have made all of us at Concordia very proud."

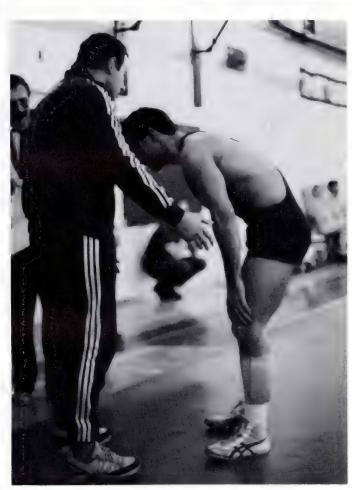

Concordia is the only university in Quebec which has a varsity wrestling program. Head Coach Victori Zilberman continues to develop future prospects as part of his Montreal Wrestling Club (MWC) system. The MWC is composed of grapplers from Concordia, Vanier College, Royal West Academy, Argyle Academy, Centennial High School and Loyola High School.

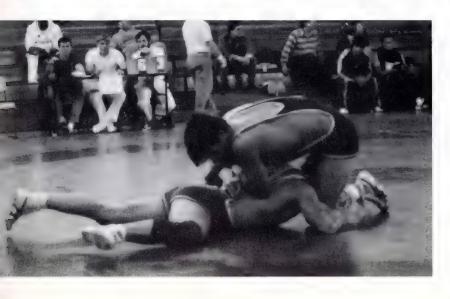

WOMEN'S HOCKEY

WOMEN'S VARSITY HOCKEY: 1986-87 YEAR IN REVIEW

The puck was flying in the right direction during the 1986-87 season for the Concordia Women's varsity hockey team.

Concordia, guided by head coach, Les Lawton assistant Julie Healy, completed conference play undefeated capturing the Quebec Intercollegiate Women's Hockey League (QIWHL) regular season and playoff titles.

The club's regular season record was 12-0. In post season play the Stingers swept Trois Rivieres and Bishop's/Champlain in the minimum two games each in semi-final and championship final action respectively.

Overall the Stingers played an incredible 39 games, the most of any club on campus. They won 30 games, lost eight and tied one. And the future looks even brighter for Lawton's club. This year's roster consisted of 16 players, nine of whom were in their rookie season. Only two Diane Allard and Jackie Montpetit - will not be back for the 1987-88 campaign.

Offensively Concordia's big gun was someone who plays defence. Rookie Therese Brisson led the QIWHL in scoring with 20 goal and 28 assists for 48 points in 11 games played. Overall, she surpassed the 100 point plateau.

Concordia competed in tournaments at St. Lawrence University in Canton, New York, its own Theresa Humes Invitational and the University of New Brunswick Invitational.

The Stingers won two games and lost one at St. Lawrence; at their own tourney, won by Providence College, they fashioned a 2-1 record good enough for third place. Brisson was named Most Valuable Player of the event which attracted eight teams from Ontario, Quebec and the United States.

A few days after winning the QIWHL title, the team was off to New Brunswick where they took top honors defeating the host squad 4-1 in the final. Once again, Brisson was chosen MVP.

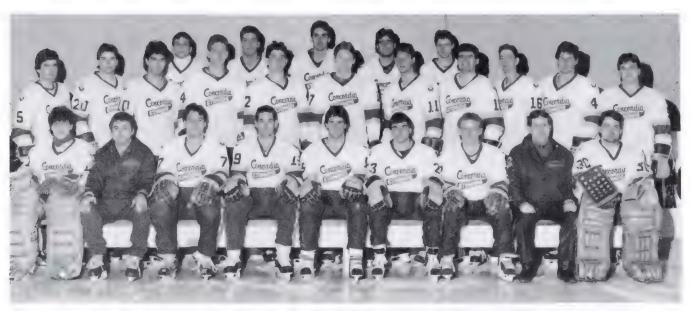

"This was the best women's team Concordia has had in five or six years" commented Lawton. "And we're still a young team".

VARSITY HOCKEY: 1986-87 YEAR IN REVIEW

The Concordia men's hockey team, once a dominating force in Quebec and Canadian varsity circles, are in the midst of a rebuilding program and looking forward to a new format set to be insituted for the 1987-88 season.

After piling up nine consecutive provincial titles the Stingers have played below .500 hockey the past three seasons and qualified for post-season play only once during that period.

The 1986-87 campaign was one in which veteran head coach Paul Arsenault, the second winningiest active varsity puck mentor in North America, put down the groundwork for the future and hopefully another dynasty. Concordia was 2-15-1 in conference action. Overall, the team compiled a 5-22-2 mark. Two of those wins came during a successful Christmas holiday tour of Czechoslovakia.

Concordia played six games, fashioning a 2-3-1 record against Czech opponents. For Arsenault, that put his overall record overseas at 8-7-3 with Stinger teams.

When next season rolls around, it will be a brand new ball game. The four Quebec University Hockey League (QUHL) members will join the Ontario league. As things stand now, Concordia, Ottawa, Trois-Rivieres and McGill will be placed in a division with Kingston based Queen's University and Royal Military College. The Ontario circuit will subsequently jump to a three division, 17 team formula.

The Stinger's top scorer in 1986-87 was "Fearless" Frankie Morris, the fiery native of Alexandria, Ontario, who had now concluded a fine five year career at Concordia. Morris, playing at centre and on defence, scored 14 goals and added 23 assists for 37 points. He also spent 106 minutes in the penalty box bringing his career mark in that department up to a whopping 678 minutes.

Forwards Timmy Humberstone, Jeff Carter, Paul Brophy and Mark Mahon performed well and are expected back next season. The same goes for harnosed winger Rob Boyle, who missed the first half of the season due to a knee injury. On defence captain Giles Lascelle capped off a brilliant four year career by being named to the conference's second all-star team. He, Morris and Carter represented the Stingers in an all-star game against the Canadian Olympic Team at Trois-Rivieres early in the season.

Heading into next season Arsenualt relishes the fact he has one major decision already made. Dave Sharpe, who joined the club at mid-season will be the number one goaltender. A former Bramalea, Ontario junior star Sharpe stepped right into first-string duty during the Czech tour and never looked back.

MEN'S VARSITY SOCCER: 1986-87 YEAR IN REVIEW

After going all the way to the Canadian Interuniversity Athletic Union (CIAU) finals in 1985, the defending Quebec University Athletic Association (QUAA) champion Concordia Stingers were unable to repeat that feat.

The club began the 1986 campaign with six straight victories. However, four of those wins were taken away when it was learnt that Stinger veteran Carlos Carvalho had signed a pro contract the previous spring with the LaSalle Cosmos of the semi-pro Quebec National Soccer League.

Concordia finished the regular season with a record of 5-5. But only 'real' defeat they had suffered was a 2-1 setback at the hands of McGill. If it were not for the controversy, which Stinger officials had absolutely no prior knowledge of, the team would have wound up tied with the Redmen for top spot at 9-1.

The Carvalho situtation was not good for morale and head coach Andy Onorato's troops lost both of their games, 1-0 to McGill and 3-1 to Sherbrooke, in the three-team round-robin playoff format.

WOMEN'S VARSITY SOCCER: 1986-87 YEAR IN REVIEW

For the second consecutive year the Quebec University Athletic Association organized a women's varsity soccer league with Concordia, McGill, Sherbrooke and Université du Quebec a Trois Rivieres (UQTR) fielding teams.

Concordia's entry, guided by Vladimir Pavlicek, finished third in the regular season standings with a 3-3 record. In non-conference play they were 2-2.

Sherbrooke took first place, with five wins in six games while McGill came in second at 4-2. But when it came down to the playoff final it was McGill edging out its opponents from the Eastern Townships 3-2. UQTR finished at the bottom of the pack with a 0-6 mark.

The Lady Stingers came very close to making it into the final versus McGill, losing 1-0 to Sherbrooke in their final matchup of the season. In the first half of that game alone the team had nine shots on goal, four of which were legitimate scoring opportunities.

Stellar performances were put in on the pitch by veteran team captain Donna Hill, the club's inspirational leader and Dominique Fortier. Linda Cyr and Brenda Flannly shared the goaltending duties.

Many of the players were active in indoor soccer during the winter.

MEN'S VARSITY BASKETBALL: 1986-87 YEAR IN REVIEW

The Concordia men's varsity basketball team mounted a tremendous comeback at the end of the 1986-87 season, capturing the Quebec University Athletic Association (QUAA) championship and gaining a berth in the Nationals.

Unfortunately a Canadian Interuniversity Athletic Union (CIAU) title in Halifax eluded the Stingers but head coach Doug Daigneault's troops represented Concordia well.

The Stingers finished with an overall record of 17-13. Daigneault, who was named QUAA Coach of the Year for the seventh time, reeled in his 12th conference title in 21 years behind the bench. After nipping Trois Rivieres 72-68 before a jam packed crowd at the Loyola gym in the semi-final the Stingers whipped McGill 86-73 in the final at the Arthur Currie gymnasium. School spirit was once again at its best with students from both universities cheering their favorite team on.

Veteran five year guard Craig Norman, who would later be named a second team CIAU All Canadian, was selected to the QUAA ALL Star team for his fourth time.

Concordia headed into the Nationals on a six game winning streak, thanks in large part to the incredible comeback of five year veteran centre Rob Latter.

Latter was feared lost for the season back in December when he underwent back surgery. He was flat on his back for five weeks and when he told Daigneault in mid-January he'd return to the lineup before the end of the schedule the coach was reluctant to share his optimism.

But true to his word the six-foot-eight Latter was back in uniform for the team's final 10 games of the year during which time they went from battling Bishop's for the last remaining playoff spot to upsetting McGill in the final.

Facing Number One rank Brandon in the opening round of the Nationals at the Halifax Met Centre, Concordia lost 87-70. Latter scored 27 points in the game and was voted Most Valuable Player.

In the Consolation semi final St. Mary's edged the Stingers 85-82.

On the year, Daigneault had to be most satisfied with his club's performance over the 30 games it played.

Next season the coach will have at least two major gaps to fill in his lineup with the graduation of Norman and Latter. Freshmen Nick Arvanitis and Marlon Paul, who often looked like veterans out on the court, will be expected to assume leadership roles.

Arvanitis, a scholarship recipient out of Vanier College, averaged over 13 points a game. Paul joined the team at mid-season and played a number of games with a broken toe.

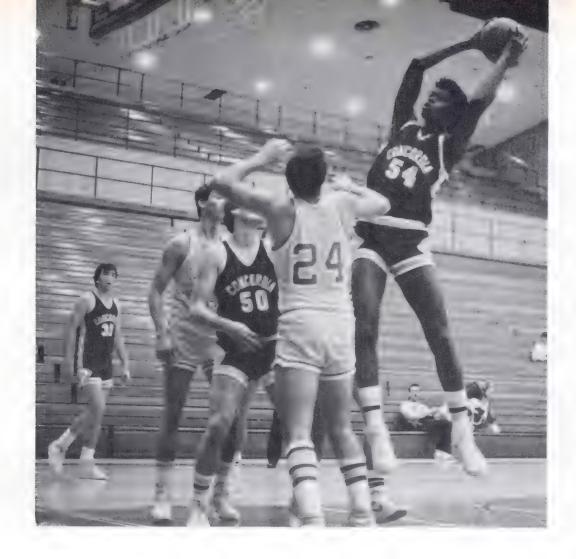

The Stingers hosted two tournaments at the Loyola Campus: the Pony Tip-Off and the London Life Centennial. In the former affair it was the powerful Molson Canadian All-Stars beating the home team 108-68 in the final while the latter saw McGill take top honors by defeating Ottawa. Concordia knocked off Bridgewater State 88-84 to win the consolation title.

The 1986 Ontario - Quebec Intercollegiate Football Conference (O-QIFC) regular season saw the Concordia Stingers finish last in the six team circuit with a 1-6 record. Nonetheless, it was not all doom and gloom for head coach Skip Rochette's men of the grid.

Concordia's lone triumph came in the Shaughnessy Cup games against McGill, on a sunny October 11 afternoon at the Loyola campus. A crowd of more than 2,000 enthusiastic fans watched the local squad pull out a thrilling 23-21 victory.

With only five top name starters graduating, Rochette has every reason to believe the Stingers will turn things around next season. Statistically a number of Concordia performers posted impressive numbers in 1986.

Quarterback Steve Preston concluded his varsity career by completing 103 of 205 pass attempts for 1,488 yards and eight touchdowns. Don Leavitt, who served as Preston's backup and highly touted newcomer Ron Aboud, a standout in the pivot position for Vanier College the past two seasons, will battle it out for the vacant signal - caller's spot.

The man who wins the quarterback job will have plenty of experienced men capable of both carrying and catching the ball. Tight end Tony Diorio, wide receiver Mirco Buth and wide receiver / kicker Daniel Malats are among the finest hands in the O-QIFC. Diorio caught 28 passes for 423 years and two touchdowns in 1986 while Buth, selected to the All-Conference team, snared 26 passes for 514 yards and four touchdowns. The versatile Malats caught 18 passes for 267 yards and scored one major. In the kicking department he punted for 2,586 yards, connected on four of 10 field goal attempts and was good on eight of nine convert attempts.

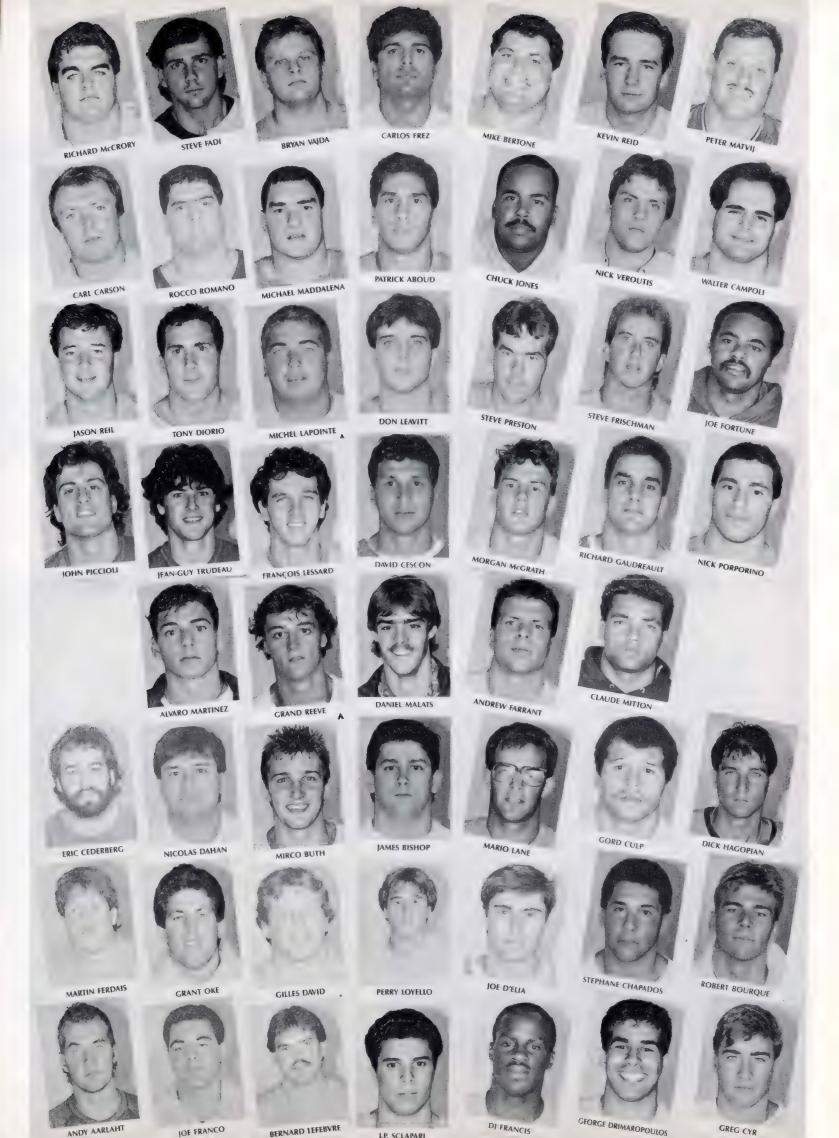

In the backfield, Rochette hopes he can keep standout Joe D'Elia healthy. Despite missing three games because of a knee injury he rushed for 351 yards on 61 carries and scored four touchdowns. Knee problems kept Robert Bourque on the sidelines all season, but rookie Greg Cyr (224 yards) and three year veteran George Drimaropolous (121 yards) plugged the gaps admirably.

The individual highlights continued into the off-season. Offensive tackle Rocco Romano, who would later be selected in the opening round (fifth overall) of the Canadian Football League draft by Calgary, was named to the All-Canadian team. The hulking 265 pound Hamilton native was also named Stinger offensive lineman of the year.

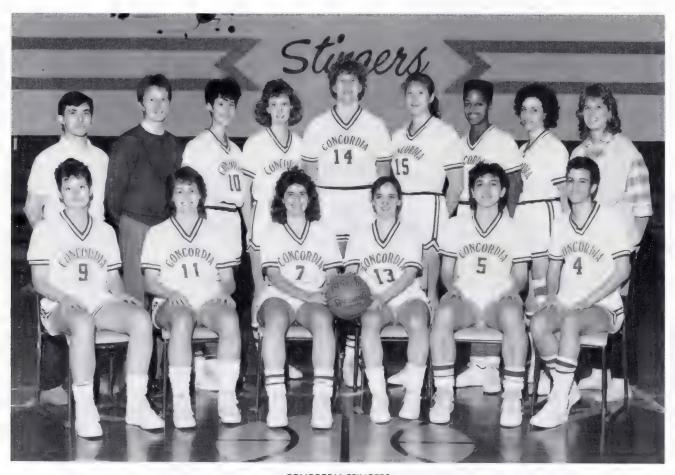

Two other Stingers were CFL picks: offensive guard Mike Bertone by the Montreal Alouettes and defensive tackle Joe Fortune, grabbed by the Hamilton Tiger-Cats. No other O-QIFC team had as many players taken.

In January Rochette held his own team awards banquet at the downtown Montreal TeeCee's Restaurant, owned by well known sportsman Tim Clahane. Linebacker Martin Ferdais, with 84 tackles to his credit, was named top defensive player; defensive back Stephane Chapados was named rookie-of-the-year while D'Elia captured the coaches' award.

During the winter Rochette took time out from his busy recruiting period to organize a high school football awards banquet and coaches clinic, attended by close to 100 minor football instructors from across Quebec and Eastern Ontario.

WOMEN'S VARSITY BASKETBALL: 1986-87 YEAR IN REVIEW

Women's varsity basketball took a giant step in the right direction during the 1986-87 season. Although the Lady Stingers failed to win a game in conference play they did register six victories in non-conference action which was an achievement in itself considering the fact the club finished up the previous season with a record of no wins and 27 losses.

Five players - Sylvia Cesaratto, C.J. Mariott, Chantal Morency, Sue English and Kim Reeve - have now graduated but head coach Louisa Zerbe points to the standout newcomers such as Carol Assailian and Carole McIntyre to put the team into contention next season.

Assalian, selected Quebec University Athletic Association (QUAA) women's basketball rookie of the year, collected a total of 255 points in the Stingers' 23 games. The former All-Canadian guard recruited out of Dawson College was a magician on the court, sinking 67 of 98 free throw attempts and garnering 80 rebounds. She averaged over 35 minutes a game of playing time and joined four other players on the conference first-team all-stars.

After the season Assalian and McIntyre were asked to join the Quebec team at the Canada Winter Games in Cape Breton. They accepted the invitation and were vital cogs in the provincial entry capturing the gold medal.

Another highlight of the 1986-87 campaign for the Stingers was their Brooks Classic Tournament, held last November. A unique format saw the tourney split into two catergories: university and CEGEP/junior college. The former grouped McGill, Southern Connecticut State University, Ottawa and Concordia while Vanier College, John Abbott College and the Ottawa Rookies made up the latter contingent.

McGill grabbed the university crown, defeating Southern Connecticut 68-51 in the final. Concordia lost a heartbreaker to Ottawa in the consolation final, 55-52 decision. John Abbott won both its games to take the round-robin title in its division.

Department of Fitness, Recreation and Athletics

DR. EDMUND F. ENOS

DIRECTOR

DR. ED ENOS TO BE RECEIVED BY POPE JOHN PAUL II

Concordia's Director of Fitness, Recreation and Athletics, Dr. Ed Enos, will have the honour of being received in a private audience by his Holiness Pope John Paul II on Wednesday, April 29th. In accepting the Vatican invitation, Dr. Enos stated, "I am not worthy to stand in His presence but I am deeply honored to do so as a representative of all those in the Concordia and Quebec communities as well as those in my native East Boston and at the university of Connecticut, where I attended school, who have and continue to use sport as a means of promoting international understanding, the brotherhood of man and peace."

Dr. Enos is one of a growing number of leaders that believe sport is one of the most powerful means contemporary man has at his disposal to promote international understanding and peace. Although many of the projects he has been credited with implementing have been of an academic or athletic nature, Dr. Enos' altruistic philosophy of goodwill and the brotherhood of man has always prevailed and was highlighted by an event that occurred last summer just prior to the Goodwill Games in Moscow. Dr. Enos through the USSR State Sports Committee made arrangements for Canadian and American gymnasts, coaches and their relatives to visit the Russian Orthodox Monastery and Trintiy Church on Trinity Sunday (Gregorian calendar) at Zagorsk (50 km from Moscow). Recognizing them as Canadians and Americans, Russian peasants from the church gathered around them. An elderly world". She then proceeded to produce a set of three bells, TRINITY BELLS. "Please take these bells with you and just like you we want peace all over the world". She then proceeded to produce a set of three bells, TRINITY BELLS. "Please take these bells with you, ring them and when you do, think of all of us gathered here and the desire we share for peace and friendship with people all over the world." As she concluded her remarks, the Russian peasants embraced the Canadians and Americans. There were tears, there were goodwill greetings and no translation was needed. The sincere desire for peace by all gathered at Zagorsk was clearly evident.

Dr. Enos will be bringing the "Trinity Bells" with him to Rome and has requested that Pope John Paul II bless and ring the bells in remembrance of the event that occurred at Zagorsk and the desire of those involved in sports and concerned people everywhere for world peace.

Accompanying Dr. Enos during his visit with His Holiness Pope John Paul II will be his wife Janice McClusky Enos and his son Ed Enos III. Prior to his audience with Pope John Paul II, Dr. Enos is planning a series of meetings with Vatican officials concerning how sport and related international exchange programs can be expanded and possibly used more effectively in the cause of world peace. He also will be conferring with the Pope's physicians and travelling secretary concerning exercise programs he and his son, Ed III, a strength and conditioning specialist, have developed to relieve jet lag and make international travel via aircraft less stressful.

Since moving to Montreal in 1963, Dr. Enos has become a leading member of the English Catholic Community. His church activities include serving as a Warden, Extra-ordinary Minister and Lectern at Corpus Christi Parish in Senneville. He is a Brother in the Third Order of St. Francis and a member of the Knights of Columbus. When the Pope visited Canada in September 1984, Dr. Enos worked as one of the Coordinators of the Papal Mass held in Jarry Park. During 1976 he was appointed by Bishop Leonard Crowley to serve on the Olympic Pastoral Committee.

Dr. Enos is completing his 22 years of meritorious service at Concordia University. Last June, in recognition of his accomplishments, he was presented with a prestigious "Distinguished Service Award" for his innovative endeavors in developing courses, training programs and exchanges which have fostered the developments of sports internationally.

As a Distinguished Service Award recipient, Dr. Enos joined an illustrious list of world-renown authorities who had previously been presented with the award including: Lord Michael Killanin, Past President of the International Olympic Committee; Sir Roger Banister, the first man to run the mile in under four minutes and currently President of the International Council for Sport and Physical Education; Los Angeles 1984 Olympic Committee Organizer and Major League Baseball Commmissioner Peter Ueberroth; Dr. Per-Olof Astrand, Chairman of Physiology, Karolinska Institute (Stockholm), leading researcher in human biology relating to sports; and Nobel Prize Winner, Lord Philip Noel-Baker.

Although his contributions internationally are laudable, nowhere is his record as a doer greater than on Loyola Campus. Dr. Enos is credited with the initation of a comprehensive intramural and interuniversity fitness, recreation and athletic program. He is regarded as the father and founder of the Department of Exercise Science and responsible for the implementation of five undergraduate programs, a graduate program in Sports Administration and 42 courses. He has designed advance training systems and exercise programs for a wide range of members of the Concordia and Montreal community from handicapped youngsters to Concordia athletes as well as Montreal Expos' players through the senior citizens.

KATHY McDONALD

ASSOCIATE DIRECTOR WOMEN'S PROGRAM

Women's fitness, recreation and athletics at Concordia University gained a new priority last June with the appointment of Kathy McDonald to the position of Associate Director. A graduate of York University in Toronto, where she majored in Physical Education, the Saskatchewan native spent the past five years in Ottawa with the Federal Department of Fitness and Amateur Sport.

McDonald's knowledge of the amateur sport scene in Canada, from both a policy and program standpoint, is extensive. In her role as manager of the women's programs within Sport Canada, her work involved interaction with a cross-section of national and provincial sport organizations.

As program manager her major achievements were numerous. She administered a multi-faceted program which has been, and still is, effective in initating change within the Canadian fitness and sport environment in the status of women. In conjunction with the Fitness and Amateur Sport Policy and Planning Unit she assisted in the development of a policy on women in sport, which was released last spring. Kathy was also instrumental in establishing a support network which meets monthly to discuss issues of concern to women at the National Sport and Recreation Centre. She has been credited for the implementation and evaluation of strategic and operational plans, within many national sports and fitness organizations, which specifically focus on the issues and needs of women. These organizations include, for example, the Canadian Amateur Hockey Association, the Canadian Cycling Association and the Canadian Interuniversity Athletic Union.

Kathy was born in Saskatoon where she participated as an athlete at all levels of competition in the sports and gymnastics and diving. In the latter discipline she really excelled, moving her home base to Vancouver, gaining a spot on the National Team and capturing Canadian championships in the three metre event in 1965, 1966 and 1967. During that time she took part in such international events as the Commonwealth and Pan American Games, as well as tours of Europe and China.

Soon after graduation from York, Kathy joined the Saskatchewan Amateur Diving Association as technical program coordinator and head coach of the Saskatoon Goldfins. Next stop was the Ontario Amateur Diving Association, and the post of executive director, where she remained for three years until moving on to the nation's capital and Sport Canada.

Kathy is looking forward to her newest challenge at Concordia. In a very short time she has already created a very good working relationship with the staff and athletes. She sees her job as a way of applying, in practical terms, some of the advice she gave to the various organizations which turned to Sport Canada for help.

THE POWER TO HEAL

The Wellcome Foundation Ltd., of which we are one of the worldwide constituents, is an organization without parallel in the pharmaceutical industry.

The Wellcome Trust has donated well over one and one half million dollars to medical schools and libraries throughout Canada.

The energies and resources of the Foundation are channeled into the Wellcome Trust, set up exclusively to fund and advance research in medicine and allied sciences.

Our symbol, the unicorn, is linked to the power to heal and cure. The advancement of medicine and the detection, prevention and cure of disease is our high goal, as it is yours.

Want You For Your Money

Let's be honest about it.

We do want you for your money. For that, and much, much more.

Sure, the Concordia Alumni Association holds dinners and parties

and reunion extravaganzas.

Sure, we lay on special educational and cultural events, and arrange special purchasing deals and continuing library privileges for members.

And every few months everyone receives *Concordia University Magazine* for free.

Sounds like a come on, right?

Right!

The fact is we organize all this because we need you.

To help in the decision-making that shapes the University.

To help in fund drives for better facilities and scholarships.

To help ensure programs correspond

with the working world as you experience it.

To help student recruitment efforts.

And yes, we need you to give money (when you have it to give), to help pay for the things other schools take for granted but Concordia still needs.

In short, we need you to help make

Concordia better.

But you don't just help others — in the end, you help yourself too.

The more active your alumni membership, the more Concordia's stature grows, and that reflects on your degree — and on you.

And you have fun in the bargain! Every graduate is automatically enrolled in the membership of the Concordia University Alumni Association.

We hope you'll make your membership an active one.

Here's What We Do

Regular Contact:

Concordia University Magazine keeps readers posted on major developments at the university and some of the amazing things happening with graduates; news of coming events and other items of interest are also carried in the magazine or in supplemental mailings.

A Strong Voice:

Alumni concerns about university developments are voiced by representatives on the university's Board of Governors and in several advisory and decision-making bodies across the university.

Participatory Membership:

Graduates are asked to participate in freshman orientation programs, career workshops and in an increasing variety of academic and extra-curricular projects.

A Finely-Tuned Machine:

The association came into being in 1982 on the recommendation of the Sir George Williams and Loyola alumni associations. Its first objective is to create fellowship between the founding associations and to strengthen links with all graduates so that they can be a strong voice in shaping Concordia. Equally important is graduate involvement in advisory, fund-raising and student recruitment activity. Graduating Class Officers: A vital part of the alumni are class officers who keep in

touch with members of their graduating classes through newsletters and social and working get-togethers. They are the key people for organizing class reunions. Alumni Records: Graduates change their addresses an average of seven times in the first 10 years after graduation; postage costs have become horrendous and so it's important that you keep the alumni office posted on any change of address to avoid waste.

Chapter Network: There are now Concordia alumni chapters in Ottawa, Toronto, Winnipeg, Calgary, Edmonton, Vancouver, Victoria, San Francisco and Los Angeles, and new chapters spring up as demand occurs. Concordia, Sir George Williams and Loyola also maintain a busy schedule of activities in Montreal year round.

For More Information:

Please contact us at either of our campus locations.

IT BEGINS

After many years of planning, pleading and pledging Concordia's Capital Campaign project of library expansion got underway shortly after classes finished this year. The expansion of the Vanier Library on the Loyola Campus will double its size, cost 8.4 million dollars, include a performing arts centre and take sixteen months to build.
